

Spring Time Babies

Spring time babies dancing all around
Spring time Mums laughing at the sound
Spring time babies learning to walk
Spring time Mums encourage them to talk.

Spring time birds flying in the sky
Spring time Mums watching them go by
Spring time birds singing along
Spring time Mums joining the song.

Spring time lambs learning to stand
Spring time Mums going along the land
Spring time lambs jumping all around
Spring time Mums following on the ground.

Piglets, Calves, ducklings, lambs
Fools, Chicks and kids . . .
Spring time babies going to their beds
Spring time Mums rest their tired heads.
